EVERYONE IS WELCOME AT CALR!

Why should I join CALR?

In 1961 The California Association of Licensed Repossessors (CALR) was incorporated. CALR is composed of men and women who are dedicated to improving the Collateral Recovery Industry. Our purpose is to strengthen understanding between licensees, law enforcement, financial institutions, regulatory agencies and the consumer. We provide our members continuing education in the fields of public relations, business principles, professionalism, safety training and certification courses in the Collateral Recovery Industry.

CALR is pro-active in introducing and passing legislation in California. We are the largest and oldest state repossession organization in the US. Many states look to California for guidance in enacting and passing legislation in their individual states including a leading platform for other states to enact recovery agency licensing.

Political Action Committee (PAC):

CALR's PAC fund supports our lobbyist in the act of attempting to influence decisions made by officials in the California government. CALR's lobbyists work with the California legislators on behalf the CALR origination to explain the obstacles our industry faces and to work with lawmakers to correct and amend these laws. CALR also aids in preserving the current laws in place to help protect the repossessors. A portion of your dues will be used for lobbying activities as defined by the Revenue Reconciliation Act of 1993.
